Re-inspections

If carried out by original valuer: by agreement

Re-valuations

This applies as an instruction to the original valuation company where the existing mortgagor requires a further advance and no significant alterations have taken place or are planned.

It shall also apply if the Client (under 7.7 in the Service Agreement) requires a re-valuation after the 6 month period or after the initial 3 month period, if the valuer advises that local market conditions have changed so significantly, that constructive comments cannot be made in respect of the continued relevance of the original valuation without re-inspecting and re-researching comparable evidence.

The fee will be half the above Initial Valuation fee scale if within three years of the original valuation date.

In all other cases a new valuation will be required at the full fee above.

During peak seasonal times, valuers may increase fees to achieve the promised SLAs.

This document is for professional intermediaries only and should not be shown to potential clients
