For Interest Only Mortgages

With an interest only loan or mortgage, you only pay the interest due each month. You do not repay the capital borrowed until the end of the term. The amount you pay each month excludes any payments that you may need to make into a separate facility to build up a lump sum to repay the amount borrowed. Please remember that it is your responsibility to make separate arrangements to repay the amount borrowed at the end of the term.

The table below identifies the repayment strategies we accept, subject to underwriting decision please tick the box you intend to use to repay your loan and where indicated provide further information for consideration. Information provided is used to assess your payment strategy and loan application.

Other credible repayment strategies are also considered including: tax free cash from a suitable pension plan, endowment policies and stocks and shares ISAs.

Please note, the following repayment strategies will NOT be accepted:

- Sale of mortgaged property to move into a rental property
- Cash savings (including cash ISA)
- Switching to capital repayment mortgage/remortgage
- Inheritance
- Increase in house price
