## INCOME

**Residential cases will require proof of income to be supplied before submitting the application. Any missing documents or where the document dates are not what is required will delay our ability to pass the case to an underwriter for assessment.**

### Employed applicants/CIS Contractors:

- Latest 3 months payslips (we will also require this for any second jobs being used as part of the application)
- If on maternity/paternity leave we require confirmation from both the Applicant and Employer of their planned return date, salary and hours. If the return to work is more than 3 months away, satisfactory evidence of funds available to service the mortgage during this period is required.
- Where the client is employed by a family business in addition to the payslips we will also need the latest p60 and an accountant's reference independently confirming the employment details (role, length of time, salary etc.)

### Self-employed applicants:

- We will require evidence from one of the following: The latest SA302/Tax Calculation and the corresponding Tax Year overview (must be less than 12 months old); an accountants reference completed by a suitably qualified accountant (stamped/on letterhead) holding one of the following qualifications (ACA, FCA, CA, ACCA, FCCA, MAAT, FMAAT, ACMA, AAPA, FAPA, CTA and AIA) ; the latest years accounts, again completed by a suitably qualified accountant (dated within the last 12 months).
- If the proof of income provided is older than 12 months we will in addition require an accountant's certificate, verifying there are no material changes in revenue, expenditure, salary and dividends. However, if an accountant's certificate is not available, both personal and business bank statements are required to evidence current income being taken from the company by the customer into their personal account and the level of revenue/expenditure through the business covering the last 3 months.

### Contractors:

- Contractors via a limited company will need to supply their latest contract which is required to have at least 6 months remaining (we will assess weekly rate x 46). Where there is less than 6 months remaining confirmation of a new contract will also be required and the lower of current or future contract will be used for affordability. Rolling three month contracts which have been rolled over at least once, will be considered satisfactory to meet the minimum six month requirement.
- Contractors via an umbrella company, which pays tax and NI for the customer will be assessed using last three months payslips and most recent P60 where applicable in line with PAYE applicants.
- Fixed term contractors where the employer pays both tax and National Insurance, income is verified via payslips and most recent P60 where applicable (as per employed customers).

- If the bank statements contain any large credits, we will need to understand the source of these funds, so please provide relevant explanation(s).
